John,

To facilitate the meet and confer, we ask that you send us a letter explaining why this discovery needs to go forward now in light of the procedural posture of the case and our pending motion to stay.

Thanks, and best regards,

Carl

Carl — confirming our telephone conversation this morning, I would like to meet and confer with either you or whoever would be most appropriate regarding Inline's responses to the following discovery requests served by the Verizon defendants:

Interrogatory Nos. 8 and 13; Document Request Nos. 36, 37, 46, and 57-59.

I recognize that Inline's position regarding these responses may well be the same as set forth in your March 10, 2006 letter to me regarding our related request for all Mercury Communications/Pie Squared related documents.

I look forward to hearing back from you or your designee at your early convenience. I am available all day for a telephonic conference.

Best regards,

Carl and Mike --

I am advised by local Delaware counsel that Inline's pending motion to stay does not relieve Inline of its obligation to respond to defendants' request to meet and confer regarding the outstanding "ownership" discovery. That discovery goes directly to the threshold issues of standing, jurisdiction and indispensable parties.

Again, I am available anytime this afternoon to meet and confer regarding the specific discovery requests identified in my previous email to Carl this morning. I would appreciate a call from one or both of you at your earliest convenience. Alternatively, please tell me whom I should call to conduct the meet and confer conference.

Thank you for your anticipated prompt response.
